the 18th February, 1845. }

NOTICE.

ON the arrival of the Overland Mail, it has hitherto been customary, (in order to ensure their speedy arrival, and to meet the convenience of the public), to take advantage of the extra runners placed to convey the Overland Mail to despatch by letter post, Packets (whether of letters, papers or books,) exceeding the weight prescribed by the Post Office Act XVII. of 1837, for Packets transmitted by letter post. As several parties receiving large packets in this way, have objected to pay on some the rateable Postage leviable thereon, and as it is impossible for the Bombay General Post Office to exercise any discretion as to what packets should have quick transmission by the letter post, the Post Master General regrets, that he has been obliged to come to the determination of adhering strictly to the letter of the Law, and it is hereby notified for general information, that from April next, all Packets, arriving at this Office by the Overland Mail, exceeding 12 Tola in weight, will invariably be sent by Bhangy Dawk:—Parties are therefore advised to make arrangements with their

Agents or home correspondents, so that packets, the quick receipt of which is desired, may not exceed that weight.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas, ... (1 Shillings)
Above $\frac{1}{2}$, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee, ... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. P.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Ben-tinck and Hindostan.

Deputy Post Master.

Council of Education, }
the 10th February, 1845. }

NOTIFICATION.

I. ALL persons seeking Employment in the Education Department, are requested to send in their applications accompanied with Testimonials, to the Secretary Council of Education, by whom they will be submitted to the Committee appointed by Government to examine and classify all such persons, in accordance with the subjoined Regulations entitled.

" Rules for the Examination of Candidates for Employment and Promotion in the Education Department.

1. A Committee shall be formed for the purpose of examining candidates for employment and promotion in the Education Department.

2. The Committee shall ordinarily consist of the Secretary to the Council of Education, the Secretary to the Madrasah, the Inspector of Colleges and Schools, the Principals and Headmasters of the Hindoo and Hooghly Colleges, and the Professors of Literature and Mathematics in those Colleges. The Council of Education may add to the Committee from time to time any other fit persons as extraordinary members. Three members shall form a quorum.

3. The regular meetings of the Committee shall be held at the Hindu College once every three months; viz. upon the first Saturdays in January, April, July and October, at 10 A. M.

4. Emergent Meetings shall be held at such times, and for such purposes, as the Council of Education may direct, due notice of at least one week being given of every such meeting.

5. The principal business of the Committee will be to examine all candidates for employment in the Education Department, to ascertain the qualifications and fitness of those in the Department who are otherwise eligible for promotion from one grade to another, and to dispose of such other matters of a similar nature as the Council of Education may direct.

6. All candidates for employment as Teachers in Government Institutions shall be ranked in four classes, according to their acquirements and general aptitude for conducting the important and responsible duty of Education.

7. The fourth or lowest class shall comprehend all such as are skilled in reading, writing, arithmetic, and the subjects laid down in the junior scholarship standard; and who likewise shew some aptitude in imparting instruction and explaining all difficulties correctly and in precise and appropriate terms. This class will be considered eligible to situations, of which the salary is from 10 to 50 Rupees a month.

8. The third shall consist of those who are *highly skilled* in the branches of study required to be taught by the fourth class, and who also exhibit great aptitude in teaching and a good general knowledge of the duties of a Schoolmaster. They shall be eligible to situations, of which the salary is from 50 to 150 Rupees a month.

9. The second class shall comprise those who are well acquainted with the subjects contained in the senior scholarship standard, whose knowledge is exact and of a high order, and who exhibit a capacity for imparting an advanced degree of instruction. They shall be eligible to situations, of which the salary is from 150 to 250 Rupees a month.

10. None shall compose the first or highest class but those who are capable of imparting the highest order of instruction required in the Government Schools, or who possess in an eminent degree an acquaintance with the principles and practice of an enlightened method of teaching, and eminent acquirements either in Literature or Science. These shall be eligible to situations of Rs 250 and upwards to the Headmasterships of Schools and Colleges.

11. Candidates for situations in Mofussil Colleges and Schools will be expected to possess a competent knowledge of the Vernacular.

12. Persons now in the Department shall be classed according to their salaries; except in those cases in which their qualifications may be deemed doubtful, when they shall be subjected to examination by the Committee and classed according to the result.

13. No Master shall be promoted from a lower to a higher grade upon the occurrence of a vacancy in his own or in any other Institution until his qualifications shall have been ascertained by the Committee, in accordance with the standard fixed. If he be found deficient he shall be passed over, and the vacancy thrown open to competition or bestowed upon a candidate of known qualifications, selected from the register of the Council. Mere seniority and length of service, when unaccompanied by fitness for a higher office, shall in no case be considered to give a right to promotion.

14. Any Master who shall be found deficient in zeal and energy in the performance of his duties, and whose class may not exhibit a sufficient degree of improvement at the annual examination, shall be subject to examination by the Committee, and the result reported to the Council or to the Government (as the case may be) for information and orders.

15. Each candidate shall be presented after examination with a certificate, specifying the grade in which he has been placed by the Committee, and shall be permitted to undergo an examination at any future period to prove his qualifications for a higher position.

16. These Rules do not necessarily apply to the offices of Principal and Professor, who may be selected on account of their known qualifications,

or the academic honors they may have obtained in Universities of eminence and repute."

II. The present list of Masters existing in the Office of the Council is cancelled from this date, as all vacancies in the Institutions under the Government of Bengal, and Council of Education, will be filled up in strict accordance with the above rules.

The day selected for the Examination will be duly made known to all candidates, at least one week prior to the Meeting of the Committee.

NOTIFICATION.

AN Examination will be held on the 1st day of June 1845, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write from dictation, or from a printed work, in the Persian or Devanagiri character.

All Interpreters of Regiments and Battalions will be requested through the Military Department, not to grant Certificates of qualification to any Candidate under the age of fifteen and above that of twenty years; and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience, have already been experienced by lads from distant stations being furnished with Certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

**ORDERS BY THE RIGHT HON'BLE THE
GOVERNOR OF BENGAL.**

FORT WILLIAM, 19TH FEBRUARY, 1845.

The Right Hon'ble the Governor of Bengal directs that the following Correspondence be published for general information.

No. 696.

From the Under Secretary to the Govt. of Bengal,

To T. R. DAVIDSON, Esq.

*Offy. Secy. to the Govt of India,
Home Departt.*

Dated Fort William, 10th October, 1844.

Sir,

I am directed by the Right Hon'ble the Governor of Bengal to submit for the favorable consideration of the Supreme Government, the accompanying copy of a letter, No. 569, dated the 11th ultimo, from the Council of Education, with enclosures.

2. From these documents it will appear, that Baboo Dwarkanath Tagore has munificently offered to take with him to England, and educate at his own expense, two Students of the Medical College, and afterwards to send them back to Bengal. This, it is calculated, will cost him not less than Rs. 7,000 for each Student.

3. The Officers of the Medical College, as well as the Council of Education, entertain a strong opinion of the advantage of this offer, and no less a desire that it should be accepted and acted upon without delay.

4. Five Hindoo Students have volunteered to go, and are eager for preference. Two of them, however, desire that some provision should be made for their families in their absence, but the offers of the other three are unconditional. It has not yet been determined which of the candidates shall go, in the event of the proposal being approved; but in any case it is proposed that their College stipends should be continued during their residence in England.

5. The Right Hon'ble the Governor is disposed to view this proposition in a very favorable light, but he is unwilling to act in the matter without the full concurrence of the Government of India, the more especially, as it will be necessary, in order as far as possible to ensure success, to provide for the care and superintendence of the young men by the appointment of a competent professional person for that purpose.

6. Dr. Goodeve has offered his services on the occasion. He has been, as the Government of India are well aware, a Professor in the Medical College from the time of its foundation; he was the first in India to introduce among the Natives the practice of dissection: he was the means of bringing about the establishment of a Female Hospital; and has himself endowed a Midwifery scholarship in the College. In short, he is acknowledged to be one to whom the diffusion of medical and surgical knowledge among the people of India, is to be principally attributed.

7. Dr. Goodeve is now suffering from illness occasioned by a wound received in the service of the College, while dissecting a dead body, and therefore desirous to go to England though he will have to give up an extensive and lucrative practice in addition to his official emoluments. For this reason, and because he has been solicited to do so by the students themselves, among whom he is very popular, he offers to accompany them to England, to take charge of them during their stay there, to superintend their education and whole course of life, and to bring them back again to their own country. He likewise proposes, in the event of his proposal being acceded to, to take a third student at his own expense, and there is some ground for believing that a fourth will be provided for by subscription among parties interested in Native Education, of whom also Dr. Goodeve will be willing to take charge.

8. In consideration of this offer, Dr. Goodeve asks that he may be dealt with, while absent on this duty, as if he were on sick leave within the limits of the Charter; that is, that he may be allowed to retain his appointment and draw half his Staff allowances until his return. The Council of Education strongly urge the acceptance of Dr. Goodeve's offer, and as it is contrary to rule that an Officer should proceed to England drawing salary, except on duty, the Governor of Bengal is anxious that the Government of India should give their assent to the whole measure, and, as a part of it, to Dr. Goodeve's employment, on the terms proposed. In the opinion of His Excellency the object in view is one of the highest importance, and such as the Government may with perfect propriety encourage in the manner now proposed.

I have, &c.,

(Signed) C. BEADON,

Under Secy. to the Govt. of Bengal.

No. 562.

FROM P. MELVILL, Esq.,

Under Secy. to the Govt. of India,

TO C. BEADON, Esq.,

Under Secy. to the Govt. of Bengal,

Dated 9th November 1844.

SIR,

I am directed to acknowledge the receipt of your letter dated the 10th ultimo, forwarding a letter from the Council of Education, regarding an offer made by Dwarkanath Tagore to take with him to England, at his own expense, two students of the Medical College, to maintain them while there, and afterwards to pay their passage back to this country. To further the objects of this munificent proposal, Dr. Goodeve has offered to accompany the students for the purpose of superintending and directing their studies, and he solicits in consideration of these services, to be allowed the same privileges while absent in England as would by rule be allowed him were he to proceed, as he otherwise intends, to the Cape of Good Hope, for the recovery of his health.

2. The Government of India accepts Dwarkanath Tagore's offer, and it remains to be considered by what arrangements the visit of the students to Europe may be rendered most productive of benefit to themselves, and, in its results to their countrymen.

3. It appears to be highly desirable that the conduct and occupations of the Students should be under the control and direction of an experienced Medical Officer. Proceeding to England with one sole object, that of acquiring knowledge, they will need to be assisted and guided in their pursuit of it. Dr. Goodeve from his long connection with the Medical College, from his extensive acquirements and experience in his profession, is in the highest degree qualified for such a duty — moreover, he is known to the Students, and they desire, it is stated, that he should accompany them.

4. Considering therefore that no arrangement could be adopted more likely to be attended with satisfactory results than that which has been proposed by Dr. Goodeve, the Governor General in Council is ready to concede to him all the indulgence which the rules of the service will warrant, and to recommend to the Court of Directors a concession in his favor of such further indulgence as the Government of India is not competent, without reference to that authority, to grant. Accordingly Dr. Goodeve's appointment will be available to him on his return to India, and it will be recommended to the Court of Directors that the time not exceeding two years, which he may pass in Europe, be allowed to count as time passed in India, and as respects his allowances, that a compensating donation be given him while in charge of the students.

5. The charges attending the Education in England of a third student whom Dr. Goodeve very liberally had proposed to take at his own expense, will be defrayed by the Government of India.

6. To Dwarkanath Tagore the best acknowledgments of the Governor General in Council are due. The visit to Europe of three native students for the purpose of attending those London hospitals in which surgery is practised, will afford a practical proof that his countrymen have

overcome one of the strongest prejudices; and whatever success may attend the arrangements now sanctioned, will be justly attributable to his liberality, and cannot fail to be most highly appreciated by the Hon'ble the Court of Directors.

I have, &c.,

(Signed) P. MELVILL,

Under Secy. to the Govt. of India.

With reference to the above, the Right Hon'ble the Governor is pleased to make the following Appointments:

Assistant Surgeon H. H. Goodeve, M. D., to proceed to England in charge of the Native Students of the Medical College.

Surgeon J. T. Pearson to be Professor of Anatomy in the Medical College of Calcutta, during the absence of Dr. H. H. Goodeve on duty.

NOTICE.

ON the arrival of the Overland Mail, it has hitherto been customary, (in order to ensure their speedy arrival, and to meet the convenience of the public), to take advantage of the extra runners placed to convey the Overland Mail, to despatch by letter post, Packets (whether of letters, papers or books,) exceeding the weight prescribed by the Post Office Act XVII. of 1837, for Packets transmitted by letter post. As several parties receiving large packets in this way, have objected to pay on some the rateable Postage leviable thereon, and as it is impossible for the Bombay General Post Office to exercise any discretion as to what packets should have quick transmission by the letter post, the Post Master General regrets, that he has been obliged to come to the determination of adhering strictly to the letter of the Law, and it is hereby notified for general information, that from April next, all Packets, arriving at this Office by the Overland Mail, exceeding 12 Tolabs in weight, will invariably be sent by Bhangy Dawk:—Parties are therefore advised to make arrangements with their Agents or home correspondents, so that packets, the quick receipt of which is desired, may not exceed that weight.

NOTICE.

THE Right Hon'ble the Governor of Bengal having been pleased to sanction the appointment of a Professor of Natural Philosophy, all Candidates for the Office are requested to send in as early as possible their applications, accompanied with Testimonials and Certificates to the Secretary Council of Education, by whom all particulars connected with the nature and extent of the duties that will be required, with every other information, will be furnished on personal application.

(By order,)

FRED. J. MOUAT, M. D.,
Secretary.

Council of Education, }
the 10th February, 1845. }

NOTIFICATION.

1. ALL persons seeking Employment in the Education Department, are requested to send in their applications accompanied with Testimonials, to the Secretary Council of Education, by whom they will be submitted to the Committee appointed by Government to examine and classify all such persons, in accordance with the subjoined Regulations entitled.

"Rules for the Examination of Candidates for Employment and Promotion in the Education Department."

1. A Committee shall be formed for the purpose of examining candidates for employment and promotion in the Education Department.

2. The Committee shall ordinarily consist of the Secretary to the Council of Education, the

Secretary to the Madrasah, the Inspector of Colleges and Schools, the Principals and Headmasters of the Hindoo and Hooghly Colleges, and the Professors of Literature and Mathematics in those Colleges. The Council of Education may add to the Committee from time to time any other fit persons as extraordinary members. Three members shall form a quorum.

3. The regular meetings of the Committee shall be held at the Hindu College once every three months; viz. upon the first Saturdays in January, April, July and October, at 10 A. M.

4. Emergent Meetings shall be held at such times, and for such purposes, as the Council of Education may direct, due notice of at least one week being given of every such meeting.

5. The principal business of the Committee will be to examine all candidates for employment in the Education Department, to ascertain the qualifications and fitness of those in the Department who are otherwise eligible for promotion from one grade to another, and to dispose of such other matters of a similar nature as the Council of Education may direct.

6. All candidates for employment as Teachers in Government Institutions shall be ranked in four classes, according to their acquirements and general aptitude for conducting the important and responsible duty of Education.

7. The fourth or lowest class shall comprehend all such as are skilled in reading, writing, arithmetic, and the subjects laid down in the junior scholarship standard; and who likewise show some aptitude in imparting instruction and explaining all difficulties correctly and in precise and appropriate terms. This class will be considered eligible to situations, of which the salary is from 10 to 50 Rupees a month.

8. The third shall consist of those who are highly skilled in the branches of study required to be taught by the fourth class, and who also exhibit great aptitude in teaching and a good general knowledge of the duties of a Schoolmaster. They shall be eligible to situations of which the salary is from 50 to 150 Rupees a month.

9. The second class shall comprise those who are well acquainted with the subjects contained in the senior scholarship standard, whose knowledge is exact and of a high order, and who exhibit a capacity for imparting an advanced degree of instruction. They shall be eligible to situations, of which the salary is from 150 to 250 Rupees a month.

10. None shall compose the first or highest class but those who are capable of imparting the highest order of instruction required in the Government Schools, or who possess in an eminent degree an acquaintance with the principles and practice of an enlightened method of teaching, and eminent acquirements either in Literature or Science. These shall be eligible to situations of Rs. 250 and upwards to the Headmasterships of Schools and Colleges.

11. Candidates for situations in Mofussil Colleges and Schools will be expected to possess a competent knowledge of the Vernacular.

12. Persons now in the Department shall be classed according to their salaries; except in those cases in which their qualifications may be deemed doubtful, when they shall be subjected to examination by the Committee and classed according to the result.

13. No Master shall be promoted from a lower to a higher grade upon the occurrence of a vacancy in his own or in any other Institution until his qualifications shall have been ascertained by the Committee, in accordance with the standard fixed. If he be found deficient he shall be passed over, and the vacancy thrown open to competition or bestowed upon a candidate of known qualifications, selected from the register of the Council. Mere seniority and length of service, when unaccompanied by fitness for a higher office, shall in no case be considered to give a right to promotion.

14. Any Master who shall be found deficient in zeal and energy in the performance of his duties, and whose class may not exhibit a sufficient degree of improvement at the annual examination, shall be subject to examination by the Committee, and the result reported to the Council or to the Government (as the case may be) for information and orders.

15. Each candidate shall be presented after examination with a certificate, specifying the grade in which he has been placed by the Committee, and shall be permitted to undergo an examination at any future period to prove his qualifications for a higher position.

16. These Rules do not necessarily apply to the offices of Principal and Professor, who may be selected on account of their known qualifications, or the academic honors they may have obtained in Universities of eminence and repute."

11. The present list of Masters existing in the Office of the Council is cancelled from this date, as all vacancies in the Institutions under the Government of Bengal, and Council of Education, will be filled up in strict accordance with the above rules.

The day selected for the Examination will be duly made known to all candidates, at least one week prior to the Meeting of the Committee.

By order of the Hon'ble President and Council of Education,

FRED. J. MOUAT, M. D.,

Secretary.

Council of Education, }
The 12th February, 1845. }

NOTIFICATION.

AN Examination will be held on the 1st day of June 1845, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write from dictation, or from a printed work, in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions will be requested through the Military Department, not to grant Certificates of qualification to any Candidate under the age of fifteen and above that of twenty years; and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience, have already been experienced by lads from distant stations being furnished with Certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

By order of the Hon'ble the President and Council of Education,

NOTICE.

ON the arrival of the Overland Mail, it has hitherto been customary, (in order to ensure their speedy arrival, and to meet the convenience of the public), to take advantage of the extra runners placed to convey the Overland Mail, to despatch by letter post, Packets (whether of letters, papers or books,) exceeding the weight prescribed by the Post Office Act XVII. of 1837, for Packets transmitted by letter post. As several parties receiving large packets in this way, have objected to pay on some the rateable Postage leviable thereon, and as it is impossible for the Bombay General Post Office to exercise any discretion as to what packets should have quick transmission by the letter post, the Post Master General regrets, that he has been obliged to come to the determination of adhering strictly to the letter of the Law, and it is hereby notified for general information, that from April next, all Packets, arriving at this Office by the Overland Mail, exceeding 12 Tolahs in weight, will invariably be sent by Bhangy Dawk:—Parties are therefore advised to make arrangements with their Agents or home correspondents, so that packets, the quick receipt of which is desired, may not exceed that weight.

NOTIFICATION.

I. ALL persons seeking Employment in the Education Department, are requested to send in their applications accompanied with Testimonials, to the Secretary Council of Education, by whom they will be submitted to the Committee appointed by Government to examine and classify all such persons, in accordance with the subjoined Regulations entitled.

"Rules for the Examination of Candidates for Employment and Promotion in the Education Department."

1. A Committee shall be formed for the purpose of examining candidates for employment and promotion in the Education Department.

2. The Committee shall ordinarily consist of the Secretary to the Council of Education, the Secretary to the Madrasah, the Inspector of Colleges and Schools, the Principals and Headmasters of the Hindoo and Hooghly Colleges, and the Professors of Literature and Mathematics in those Colleges. The Council of Education may add to the Committee from time to time any other fit persons as extraordinary members. Three members shall form a quorum.

3. The regular meetings of the Committee shall be held at the Hindu College once every three months; viz. upon the first Saturdays in January, April, July and October, at 10 A. M.

4. Emergent Meetings shall be held at such times, and for such purposes, as the Council of Education may direct, due notice of at least one week being given of every such meeting.

5. The principal business of the Committee will be to examine all candidates for employment in the Education Department, to ascertain the qualifications and fitness of those in the Department who are otherwise eligible for promotion from one grade to another, and to dispose of such other matters of a similar nature as the Council of Education may direct.

6. All candidates for employment as Teachers in Government Institutions shall be ranked in four classes, according to their acquirements and general aptitude for conducting the important and responsible duty of Education.

7. The fourth or lowest class shall comprehend all such as are skilled in reading, writing, arithmetic, and the subjects laid down in the junior scholarship standard; and who likewise shew some aptitude in imparting instruction and explaining all difficulties correctly and in precise and appropriate terms. This class will be considered eligible to situations, of which the salary is from 10 to 50 Rupees a month.

8. The third shall consist of those who are highly skilled in the branches of study required to be taught by the fourth class, and who also exhibit great aptitude in teaching and a good general knowledge of the duties of a Schoolmaster. They shall be eligible to situations of which the salary is from 50 to 150 Rupees a month.

9. The second class shall comprise those who are well acquainted with the subjects contained in the senior scholarship standard, whose knowledge is exact and of a high order, and who exhibit a capacity for imparting an advanced degree of instruction. They shall be eligible to situations, of which the salary is from 150 to 250 Rupees a month.

10. None shall compose the first or highest class but those who are capable of imparting the highest order of instruction required in the Government Schools, or who possess in an eminent degree an acquaintance with the principles and practice of an enlightened method of teaching, and eminent acquirements either in Literature or Science. These shall be eligible to situations of Rs. 250 and upwards to the Headmasterships of Schools and Colleges.

11. Candidates for situations in Mofussil Colleges and Schools will be expected to possess a competent knowledge of the Vernacular.

12. Persons now in the Department shall be classed according to their salaries; except in those cases in which their qualifications may be deemed doubtful, when they shall be subjected to examination by the Committee and classed according to the result.

13. No Master shall be promoted from a lower to a higher grade upon the occurrence of a vacancy in his own or in any other Institution until his qualifications shall have been ascertained by the Committee, in accordance with the standard fixed. If he be found deficient he shall be passed over, and the vacancy thrown open to competition or bestowed upon a candidate of known qualifications, selected from the register of the Council. Mere seniority and length of service, when unaccompanied by fitness for a higher office, shall in no case be considered to give a right to promotion.

14. Any Master who shall be found deficient in zeal and energy in the performance of his duties, and whose class may not exhibit a sufficient degree of improvement at the annual examination, shall be subject to examination by the Committee, and the result reported to the Council or to the Government (as the case may be) for information and orders.

15. Each candidate shall be presented after examination with a certificate, specifying the grade in which he has been placed by the Committee, and shall be permitted to undergo an examination at any future period to prove his qualifications for a higher position.

16. These Rules do not necessarily apply to the offices of Principal and Professor, who may be selected on account of their known qualifications, or the academic honors they may have obtained in Universities of eminence and repute.

II. The present list of Masters existing in the Office of the Council is cancelled from this date, as all vacancies in the Institutions under the Government of Bengal, and Council of Education, will be filled up in strict accordance with the above rules.

The day selected for the Examination will be duly made known to all candidates, at least one week prior to the Meeting of the Committee.

By order of the Hon'ble President and Council of Education,

FRED. J. MOUAT, M. D.,
Secretary.

NOTIFICATION.

AN Examination will be held on the 1st day of June 1845, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write from dictation, or from a printed work, in the Persian or Devanagiri character.

All Interpreters of Regiments and Battalions will be requested through the Military Department, not to grant Certificates of qualification to any Candidate under the age of fifteen and above that of twenty years; and likewise to reject all

who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience, have already been experienced by lads from distant stations being furnished with Certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

* All Students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

NOTICE.

ON the arrival of the Overland Mail, it has hitherto been customary, (in order to ensure their speedy arrival, and to meet the convenience of the public), to take advantage of the extra runners placed to convey the Overland Mail, to despatch by letter post, Packets (whether of letters, papers or books,) exceeding the weight prescribed by the Post Office Act XVII. of 1837, for Packets transmitted by letter post. As several parties receiving large packets in this way, have objected to pay on some the rateable Postage leviable thereon, and as it is impossible for the Bombay General Post Office to exercise any discretion as to what packets should have quick transmission by the letter post, the Post Master General regrets, that he has been obliged to come to the determination of adhering strictly to the letter of the Law, and it is hereby notified for general information, that from April next, all Packets, arriving at this Office by the Overland Mail, exceeding 12 Tolas in weight, will invariably be sent by Bhangy Dawk:—Parties are therefore advised to make arrangements with their Agents or home correspondents, so that packets, the quick receipt of which is desired, may not exceed that weight.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of

March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas, ... (1 Shillings)
Above $\frac{1}{2}$, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee, ... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

“BRITISH POSTAGE PRE-PAID,

“*Via Southampton.*”

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Post Master.

J. J. HARVEY,

Coll. of Govt. Customs.

Calcutta, 28th February, 1845.

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale unopened—provided that at the time they are applied for, satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

NOTIFICATION.

AN Examination will be held on the 1st day of June 1845, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write from dictation, or from a printed work, in the Persian or Devanagiri character.

All Interpreters of Regiments and Battalions will be requested through the Military Department, not to grant Certificates of qualification to any Candidate under the age of fifteen and above that of twenty years; and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience, have already been experienced by lads from distant stations being furnished with Certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

By order of the Hon'ble the President and Council of Education,

FRED. J. MOUAT, M. D.,

Secretary.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas....	(1 Shillings)
Above $\frac{1}{2}$, and not exceeding 1 ounce,	
1 Rupee, ...	(2 Shillings)
Above 1, and not exceeding 2 ounces,	
2 Rupees, ...	(4 Shillings)
Above 2, and not exceeding 3 ounces,	
3 Rupees, ...	(6 Shillings)
And so on, increasing 1 Rupee,.....	(2 Shillings)
for every additional ounce, or fraction of the ounce.	

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,

"Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Ben-tinck and Hindostan.

AN Examination will be held on the 1st day of June 1845, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write from dictation, or from a printed work, in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions will be requested through the Military Department, not to grant Certificates of qualification to any Candidate under the age of fifteen and above that of twenty years; and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience, have already been experienced by lads from distant stations being furnished with Certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

3 Rupees, ... (6 Shillings)

And so on, increasing 1 Rupee,..... (2 Shillings)

for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

“BRITISH POSTAGE PRE-PAID,

“Via Southampton.”

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that

Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

NOTIFICATION.

AN Examination will be held on the 1st day of June 1845, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write from dictation, or from a printed work, in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions will be requested through the Military Department, not to grant Certificates of qualification to any Candidate under the age of fifteen and above that of twenty years; and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience, have already been experienced by lads from distant stations being furnished with Certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

By order of the Hon'ble the President and Council of Education,

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas,... (1 Shillings)
 Above $\frac{1}{2}$, and not exceeding 1 ounce,
 1 Rupee, ... (2 Shillings)
 Above 1, and not exceeding 2 ounces,
 2 Rupees, ... (4 Shillings)
 Above 2, and not exceeding 3 ounces,
 3 Rupees, ... (6 Shillings)
 And so on, increasing 1 Rupee,..... (2 Shillings)
 for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

“BRITISH POSTAGE PRE-PAID,
 “Via Southampton.”

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Ben-tinck and Hindostan.

AN Examination will be held on the 1st day of June 1845, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write from dictation, or from a printed work, in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions will be requested through the Military Department, not to grant Certificates of qualification to any Candidate under the age of fifteen and above that of twenty years; and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience, have already been experienced by lads from distant stations being furnished with Certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of

examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

GENERAL ORDERS BY THE RIGHT
HON'BLE THE GOVERNOR OF BENGAL.
NOTIFICATION.

FORT WILLIAM, THE 12TH MARCH, 1845.

The following Correspondence is published for the information of the Officers in the Judicial Department:

No. 250.

To G. A. BUSHBY, ESQRE.,

Secretary to the Government of India,

HOME DEPARTMENT.

SIR,

Judicial. I am directed by the Governor of Bengal to acknowledge the receipt of your letter No. 52 of the 18th ultimo, giving cover to a copy of the Despatch dated 21st August 1844, from the Hon'ble the Court of Directors, on the subject of reforming the Mofussil Police, as recommended by the Police Committee in 1838.

2. The suggestions of the Committee, to which the Court gave their assent, and which they desire to see immediately adopted and acted upon, are—

First.—That the actual condition of the Village Chowkeydaree Police should be investigated and their efficiency secured by a judicious application of the means successfully employed by Mr. Bayley, when Magistrate of Burdwan, as reported in his letter of the 12th December 1841.

Second.—That the Salaries of the Darogahs be raised to 50, 75 and 100 Rupees per mensem; and that measures be taken to protect them against ill treatment and from capricious punishment and removal.

Third.—That the Proceedings of Magistrates and of the Police, be simplified and abbreviated.

Fourth.—That the Deputy Magistrates and also the Junior Covenanted Civil Servants be placed in charge of convenient circles of Police, and located for that purpose in the Mofussil in the centre of their respective jurisdictions.

3. In order to secure as far as possible the first of these objects, the instructions of the Hon'ble Court as well as the letter of Mr. Bayley of 1841, and the other papers referred to in the present dispatch, will be transmitted to the Superintendent of Police, who will be directed to call upon the Magistrates, or such of them as he may judge best fitted to undertake the duty, to enquire into and ascertain the condition of the Chowkeydars in their respective Zillahs, to use their best endeavours to improve their efficiency and organization, and to report at the conclusion of a year or at the close of 1845, the results of their proceedings.

4. With regard to the second recommendation, too early occasion cannot, in the Governor's opinion, be taken to assign to the Darogahs of Police, Salaries more suited to their position and duties than the very inadequate wages now allowed to them. His Excellency would therefore earnestly solicit the permission of the Supreme Government to the immediate raising of these Salaries to Rupees 50, Rupees 75 and Rupees 100 per mensem, in the proportion recommended by the Committee and approved by the Hon'ble Court.

5. As the Report of that Committee only referred to the Regulation Districts, whilst the partial introduction of this more liberal system under the Orders of 31st May 1843, has been extended to the Non-Regulation Provinces, the increase of charge on this account will not be Rupees 1,91,400 per annum, as computed by the Committee, but Rupees 2,13,871-9, or in round numbers, Rupees 1,40,000 more than the cost of the Establishment of Darogahs, already sanctioned under the Orders referred to above.

6. The wishes of the Hon'ble Court in regard to the better treatment of Police Officers have in a great measure been anticipated by an order prohibiting the dismissal of Darogahs of the higher grades, without previous reference to Government in each case. As respects subordinate Police Men, it is part of the Superintendent's duty to give redress to such amongst them as have been harshly or unjustly dealt with. A copy however of the Hon'ble Court's observations on the subject will be transmitted to the Superintendent, with directions to inculcate their purport strongly upon the Magistrates.

7. The simplification of Police and Magisterial proceedings has also been partially accomplished, as will be observed on reference to the papers* noted in the margin.

* Pro. 29th May, 1843, Nos 9 to 12. But much remains to be done, and the Governor is strongly disposed to think that the present system of allowing appeals in nearly all cases must be greatly modified, if not altogether changed. On this point however, His Excellency will further communicate his views after consulting with the Sudder Court, the Superintendent of Police and the Magistrates.

8. The Governor is fully prepared to act upon the suggestions of the Hon'ble Court in regard to the deputation into the interior of their Districts of such of the Deputy Magistrates as are by this time fit for increased responsibility, and such of the Junior Covenanted Officers as can be spared from Revenue duties or from other occupations in the Sudder Stations.

9. Of the latter Officers His Excellency would be able to employ in this manner not fewer than ten, and probably six of the former, perhaps in all sixteen to twenty Officers might be deputed into the interior in the manner suggested by the Hon'ble Court: and as the measure would, in His Excellency's opinion, be most beneficial, and is indeed essential to an improvement of the Police and Criminal administration, which now suffers greatly from the overweening extent of such Magistrate's jurisdiction, I am directed to state that no time will be lost in carrying it into execution, to as large an extent as practicable.

10. But it will, His Excellency bids me observe, be necessary to increase the number of these Officers; and while the success which has attended their employment, so far as the experi-

ment has yet been made, is quite sufficient to warrant its extension, the further improvement of the Police in the manner now proposed, renders it indispensable that a larger number of Deputies than the present complement should be at the disposal of the Local Government.

11. The number of Thannahs in the Regulation Provinces is stated at 444 in 32 Districts. When the new system is complete, His Excellency would look to having four or five Thannahs under each Assistant or Deputy Magistrate, the Zillah Magistrate having also especial charge of about the same number in the vicinity of the Sudder Station. Taking the number of Covenanted Assistants who could be employed in this manner at ten, and this will probably be found to exceed rather than fall short of the truth, this will require full fifty Deputy Magistrates to complete the plan, or four times the number yet appointed. This number will of course be only gradually made up, and for the present His Excellency would solicit sanction to the appointment of an additional number not exceeding twelve, not however to be at once appointed, but by degrees, as each one of the present Deputies, having learned his business at the Sudder Station, may be deputed into the Mofussil.

12. This, as already stated, will not for the present extend to more than six, but as the remaining six are fitted for increased responsibility, and sent into the interior, His Excellency would desire to be able to supply their places at the Sudder Stations without loss of time, so that the Candidates may there, like their predecessors, acquire the elements of their business, and afterwards be sent like them into the Mofussil, when they may be found sufficiently qualified. So long as these Officers are detained on probation at the Sudder Station, His Excellency would propose, in preference to the present system of putting them at once on the salary of 400 Rs. a month, that they should be restricted to 200 Rs. a month, and only allowed 400 when deputed into the interior.

13. Looking at the disadvantages of climate and position, which will often, or generally attend these deputationis, His Excellency would propose, after carefully ascertaining fit locations, to build at each a commodious residence, suited for the dwelling of the Deputy or Assistant, and affording space also for his Office, and for the accommodation of the Zillah Magistrate on his Circuits. For it need scarcely be said that a frequent visit of inspection by the Zillah Magistrate must form an important part of the new system.

14. The cost of these buildings, of which the Governor would propose to erect at present sixteen, will not probably be less than 2000 Rs. each: But this expence seems to His Excellency to be absolutely necessary under the circumstances of the case.

15. It will also be necessary to allow a small Establishment to each Officer deputed into the interior upon the scale noted in the margin* ; and for this also I am directed to solicit the sanction of the Supreme Government.

No. 123.

FROM G. A. BUSHBY, Esqr.,

Secretary to the Govt. of India,

TO F. J. HALLIDAY, Esqr.,

Secretary to the Govt. of Bengal.

DATED THE 15TH FEBRUARY 1845.

SIR,

I am directed to acknowledge the receipt of your letter No. 250, dated the 5th instant, and to acquaint you that the Governor General in Council, having fully considered the propositions therein contained, is pleased to authorize the Salaries of the Darogahs of Police in the Bengal Division of the Presidency of Fort William, to be raised to 50, 75 and 100 Rupees a month, in the proportion of 50 Darogahs to 100 Rupees per mensem, 100 Darogahs to Rupees 75 per mensem, and the remainder to Rupees 50, in the Non-Regulation Provinces as well as in the Regulation Districts, by which the annual increase of charge on this account will be Rupees 2,13,871-9-0, or in round numbers Rupees 1,40,000 more than the sum computed by the Police Committee in 1838—(Rupees 1,91,400.) The Governor General in Council desires to have an Abstract of the distribution of this Increase, shewing the total number of Darogahs in 1838, and the expence, with the total number in Classes and Salaries under the new organization.

2. The Governor General in Council, for the reasons urged, is further pleased to sanction the number of Deputy Magistrates under Act XV. of 1843, to be increased by the gradual appointment to that office of the most eligible Candidates, to the extent of twelve, as the present Deputy Magistrates are found fully qualified for their duties and deputed into the interior of Districts. The new appointments, will as proposed, be made at Rupees 200 a month while the Officer is acquiring a knowledge of his business at the Sudder Station, to be raised to Rupees 400 when deputed into the interior.

3. The Establishment recommended for each Junior Covenanted Assistant and Deputy Magistrate exercising his functions in the Mofussil, appears proper, and is sanctioned as per scale on the margin,* at a monthly charge of Rupees 90.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas, ... (1 Shillings)
 Above $\frac{1}{2}$, and not exceeding 1 ounce,
 1 Rupee, ... (2 Shillings)
 Above 1, and not exceeding 2 ounces,
 2 Rupees, ... (4 Shillings)
 Above 2, and not exceeding 3 ounces,
 3 Rupees, ... (6 Shillings)
 And so on, increasing 1 Rupee, ... (2 Shillings)
 for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

“BRITISH POSTAGE PRE-PAID,
 “Via Southampton.”

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Ben-tinck and Hindostan.

Calcutta, 14th March, 1845.

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale unopened—provided that at the time they are applied for, satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

NOTIFICATION.

FORT WILLIAM, OPIUM DEPARTMENT,

THE 13TH MARCH, 1845.

NOTICE is hereby given, that on Monday, the 21st day of April, 1845, at the hour of Eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for Exportation by Sea, the undermentioned quantity of Opium, the Provision of 1843-44, subject to the following Conditions; viz.

Produce of Behar Agency, ...	Chests 3,600
Ditto of Benares ditto, ...	„ 1,500
Total Chests	5,100

CONDITIONS OF SALE.

1st.—The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2d.—The Opium to be offered for Sale at an Upset Price of Rupees 400 per Chest, and to be all sold to the highest bidder above that price.

3d.—If at the above Sale the entire quantity of 5,100 Chests shall not be sold, it shall subsequently be competent for the Board of Customs, Salt and Opium, to dispose of the lots which remain on hand at future Sales.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 1,000 Rupees per Lot or 200 Rupees per Chest, shall be made by the Purchaser in the Sale Room, and before the Lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of Purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Friday, the 25th April 1845, or, on the other hand, failing such redemption by the time aforesaid, then the Lot or Lots for which no Sub-Treasurer's Receipts, or Deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such Conditions of Re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such Re-sale, shall be borne and paid by the Defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 25th April 1845, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 25th April, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within one Calendar month from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P.M. of Wednesday the 21st May 1845, and in case any Lots of such Opium shall not be so paid for and adjusted, then the Cash Deposit of 1,000 Rupees per Lot or 200 Rupees per Chest, or any Public Securities that may have been deposited on account of such Lots or Chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of Lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single Lots, or of a different number of Lots or Chests, whether more or less than the number of Lots or Chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. The Receipt for such Deposit will be granted only in the name of such Purchaser, and the Public Securities deposited will be returned when the clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a Deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to One Thousand Rupees per Lot, (or Two Hundred Rupees per Chest,) on each Lot so bid for.

12th.—The Purchaser of any Lot shall have the option of naming and purchasing in immediate succession any number of Lots of the same Agency Opium to the extent of Fifty Lots, and for the Lots so purchased the Purchaser shall Deposit 1,000 Rupees per Lot, and pay the same price per Chest as that for which he purchased his first Lot, provided always that there remain a sufficient number of Lots of that Opium to complete the said Fifty, but not otherwise.

13th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

No. 2.—Report of the Examination of such Opium.

15th.—The Public are hereby informed, that in providing the investment of Behar and Benares Opium for the year 1843-44, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

16th.—Four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.
